It is possible to get the 32-bit files and save your time and space. We apologize for any inconvenience you may have experienced while downloading a file. If you are new to K-Site, we welcome you and hope that you enjoy your stay with us and find K-Site very helpful. It's official, K-Site.com announces the newest version of its award winning spyware scanner. Using advanced algorithms, a vast data-base and great user-friendliness, K-Site will not only scan your PC, but will also detect and remove hidden spyware and adware with speed and efficiency. The update includes the following new features and fixes: * New search feature in SpyHunter - allows you to manually choose your search scope by choosing different malware types (files, directories, processes, registry keys, etc.). * New user-friendly interface - requires no registration and provides a lot of additional information, such as detailed malware information about the program, history, and so on. * Improved feature - after you install K-Site, you can change the skin of the application * The option to automatically update the database whenever SpyHunter is installed on the system. * The option to automatically update the database whenever new SpyHunter updates are available. * Cleaner has better performance and is more stable. NOTE: * This product may include certain security tests that are intended to find vulnerabilities in system applications. If you do not accept any licenses, you can safely set the application to allow only programs from the following location: %SystemRoot%\system32\WBEM*wbem* In order to do so, set the following registry value: HKLM\Software\Microsoft\WBEM\S-1-5-11\SCL_DataLocation=%SystemRoot%\system32\WBEM*wbem* For more information, see KB822872. Please note that this option does not work with all applications (such as some games), and may cause problems with them. We advise you to avoid installing applications from the following location: %SystemRoot%\system32\WBEM*wbem* or %SystemRoot%\system32\WBEM*wbinst* * It is possible to get the 32-bit files and save your time and space. We apologize for any inconvenience you may have experienced while downloading a file. If you are new to K-Site, we welcome you and hope that you enjoy 82157476af
