I'm the first reviewer, wow :)) Well, this is Psychonauts music, so if you liked the game and wanna get nostalgic then buy both soundtracks and just dwele in. Might aswell lay on your back and close your eyes for a good therapy session.. Where shall i begin? The soundtrack for this game is pure gold in all its glory. Every single piece of music made for this game fits in perfectly with the levels and sounds amazing. Well done Double Fine. Very well done indeed.
